Current reduction on mechanical combinations

Below the approximately current reduction is given in %, which has to be taken into consideration by the assembly of combinations with „W“ resistors horizontal and „L“ stratify vertical.

The spaces given must be kept in.

L \ W	2	3	> 3
	2	-	3 %
3	3 %	8 %	15 %
4	8 %	10 %	20 %
5	10 %	15 %	25 %
